

NATIONAL COUNCIL FOR EURASIAN AND EAST EUROPEAN RESEARCH

DECEMBER 2009 AND APRIL 2010 TITLE VIII SHORT-TERM TRAVEL GRANTS FOR RESEARCH IN CENTRAL ASIA, THE CAUCASUS, AND THE BALKANS

APPLICATION GUIDELINES

The Short-Term Travel Grants Program provides fellowships to U.S. citizens or permanent residents with Ph.Ds, or U.S. citizens or permanent residents with comparative research skills for independent or collaborative research projects at institutions in Central Asia, the Caucasus, and the Balkans that do not require administrative assistance or logistical support (such as assistance with placements or access to archives, housing, visas, travel, etc). Applicants must have completed any previous NCEEER grants received **before** they may apply for a new grant.

THE NATIONAL COUNCIL FOR EURASIAN AND EAST EUROPEAN RESEARCH

The National Council for Eurasian and East European Research (NCEEER) was created in 1978 to develop and sustain long-term, high-quality programs of post-doctoral research in the social, political, economic, environmental, and historical development of Russia, Eurasia, and Southeastern Europe. NCEEER has established an unequalled record of support for research in these areas, research that directly benefits U.S. policymakers, the academic and non-profit communities, and American business. It also has helped bring to the attention of Congress and the executive branch the national interest served by the exchange of ideas among professionals in academia and government.

COUNTRIES ELIGIBLE FOR RESEARCH:

- Albania
- Armenia
- Azerbaijan
- Bosnia-Herzegovina
- Croatia
- Georgia
- Kazakhstan

PROVISIONS FOR FUNDING

- Grants may not exceed **\$3,000**.
- The grants may cover the following: travel from the United States to the host country; *per diem* to cover in-country costs for meals, lodging, and local transportation; miscellaneous research expenses directly related to the project (including, but not limited to, visa expenses, photocopying, and medical evacuation insurance) and deemed to be appropriate by the selection committee and NCEEER.
- Because the scholar or researcher is receiving project funds directly from NCEEER, he or she must maintain records of financial expenditures related to the Grant. He or she must retain supporting documents such as receipts.
- NCEEER Grants do not provide funds for the purchase of equipment, either general or special purpose, as defined in the Federal Acquisition Regulations; for tuition or “cost of education” charges in connection with graduate research assistantships. NCEEER does not provide funding for research in the natural sciences.
- International travel must comply with the provisions of the Fly America Act, 49 U.S.C. 1517 (see 4 CFR Part 52 and 48 CFR Subpart 47.4), meaning that flights must be on an American carrier, where possible, and approved by NCEEER in advance.

c) Level of language proficiency in vernacular languages of the subregion, and/or Russian.

d) In the case of an invitation to an international scholar travel to the United States, the stated purpose of the visit and a detailed research justification for such a visit. This grant does provide for American scholars to bring scholars or researchers from countries in Central Asia, the Caucasus, and the Balkans to the United States in order to conduct research here. If this is the case, the American scholar or researcher who wants to invite the foreign scholar must provide detailed reasons as to why this scholar's research must be conducted in the United States as well as the benefits this trip will have for the scholarly and policy communities.

Rates *per diem* costs should be kept to a minimum. In cases where Department of State or other official *per diem* rates are used, applicants should provide a detailed justification for the use of such rates. Please feel free to contact NCEEER staff with any questions.
